Guidelines for Non-Profit Tabling at FFM There are 6 slots open to non-profits at the Community Table. They are Markets May 23 through June 27. To inquire about reserving one of these slots, contact Britte Kirsch at britte.kirsch@gmail.com

1. The subject matter needs to be appropriate to FFM's mission statement, "To create a market place for regional farmers (100+ mile radius of Florence) to sell their locally grown/produced products in the Community of Florence." (i.e. issues about food, health, air and water for example).
2. Political candidates and religious organizations would not fit within the mission.
3. The Market Manager will screen and decide on the appropriateness of a non-profit. She will monitor the actions of the non-profit and may ask them to leave if they are not as advertised. She will ensure they have a copy of these guidelines.
4. Each non-profit will be scheduled for one Market only and would then need to wait until the following Market season to come back.
5. Non-profits are required to arrive at the Market no later than 2:15pm, have their table set up and ready by Market opening at 3pm. They will need to remain at the Market until closing and help with the takedown of the canopy they are sharing.
6. Each non-profit is responsible for their own leaflets and making sure they are "wind" secure. They are also responsible for keeping the Market site clear of their leaflets should they blow around or be dropped.
7. Non-profits need to bring their own table and chairs.
8. Non-profits are required to stay at their own table, remain low key, not intrusive and not be aggressive in going out into the crowd.

Management

1. The Market Manager shall have the authority to enforce all rules. Should a vendor fail to abide by FFM rules the following consequences may occur:

A major violation, such as committing an unlawful or violent act, or physical or verbal abuse will result in the immediate termination of Market participation. No refund of any fees will be given.

Minor violations will result in the following series of actions:

- First violation: verbal warning
- Second violation: written warning
- Third violation: immediate temporary or full-season suspension of Market participation with no refund of any fees.

2. Market Manager may, at any time, request to conduct a farm, kitchen or business inspection. Failure to comply can be cause for termination from the Market.

3. Anyone wishing to appeal an action of the Market Manager may document the problem on the Concern Form in writing and request a hearing by the FFM Directors. Within two (2) weeks of receiving the concern, the Directors shall render a decision on the merits of the grievance and any remedies. During the grievance process, the violator must adhere to the original penalty with no right to restitution for any losses. Decisions of the Directors are final.

4. Vendors may submit a Product Challenge Form if they believe another vendor is misrepresenting their product. There is a \$100 filing fee which can be shared by a group of vendors. This fee is returned to the challenger(s) if the claim is verified. Submit the Product Challenge Form to Market Management on the day of the market or within a week of the market day that the alleged violation occurred. The FFM will not reveal the challenger(s) identity to anyone. The FFM will conduct such an investigation as conditions permit to make a determination on the product challenge. If the challenged vendor is found to be in violation with these rules, that vendor may be warned, suspended, or removed from the market at the discretion of the Directors.

I agree to the above Rules and Guidelines
